1 Set up room of tables, each with one worksheet and a deck of cards

2 Have a timer to hand

3 Organise into teams of four or five based at each table

4 Explain goal of session and theme that sets the 'assumption' of the worksheet

5 Explain that worksheet is to capture ideas in any order; Cards are to help focus starting point of ideas

6 Take 8 minutes for first round before they tell the story of their idea

7 Each team tells the story of their app in just 2 minutes

8 Start second round of iteration to refine ideas further based on feedback from others - just 8 minutes again

9 go to **7** until you run out of time
